

POWER OF *Plants* IN EVERY SCOOP

ABOUT

Sky Ridge Exim Company is a trusted name in India's herbal wellness industry, offering pure, natural, and effective plant-based products. Blending Ayurvedic wisdom with modern quality standards, we specialize in premium herbal powders like Moringa and Ashwagandha. Based in Maharashtra, we ensure strict quality control from sourcing to packaging, delivering products free from unnecessary additives and rooted in trust.

VISION

At Sky Ridge Exim, we are committed to delivering premium, authentic herbal wellness powders inspired by Ayurvedic heritage and enhanced with modern quality practices—supporting balanced living and everyday vitality across global markets.

MISSION

To position Sky Ridge Exim as a trusted global name in herbal wellness, delivering pure, high-quality products rooted in Ayurvedic tradition and aligned with international standards—while promoting sustainability and healthier lifestyles worldwide.

CORE SPECIALIZATION

We focus exclusively on herbal powders and supplements - not oils or other product types. This specialization allows us to perfect our craft and deliver the highest quality wellness solutions.

Guided by Ayurvedic wisdom and supported by modern nutritional science, we deliver premium, plant-based solutions designed to promote daily vitality, balance, and holistic well-being - naturally and reliably.

We emphasize consistency, traceability, and excellence at every stage of production. Our commitment is to provide trusted herbal formulations that reflect purity, integrity, and global quality benchmarks.

MORINGA POWDER

Our Moringa Leaf Powder is produced from carefully selected *Moringa oleifera* leaves, processed under controlled drying conditions to retain nutritional integrity, natural color, and bioactive compounds. The powder is finely milled and sieved to ensure uniform particle size, excellent dispersibility, and formulation compatibility.

Manufactured following strict hygiene and quality control protocols, the product complies with international food safety standards and is suitable for nutraceutical, functional food, and herbal applications. Each batch undergoes quality evaluation for moisture, microbial safety, and purity, with COA and lab reports available upon request.

We offer bulk supply, private labeling, and customized packaging solutions to meet global buyer requirements, ensuring consistent quality, traceability, and reliable logistics support for export markets.

APPLiCation

- **Nutraceuticals:** Used in dietary supplements and wellness formulations for enhanced nutritional value and functional benefits.
- **Capsules & Tablets:** Ideal for herbal capsule and tablet manufacturing, offering excellent compatibility and uniform blending.
- **Smoothies & Health Drinks:** Perfect for smoothies, protein blends, and detox beverages, adding natural nutrition and vibrant color.

Net Weight: 100g
